Joining Limerick Chamber is one of the best investments you can make for your business. We are a grassroots business movement for change in the Mid West. Our goal is to improve the operating environment for all.

Our Vision

To be the leading business representative organisation for a vibrant city and region with global ambition, recognised as the proactive and collaborative driver of economic growth.

Message from the CEO

Thank you for your interest in joining our 420 member strong community representing businesses in Clare, Tipperary, and Limerick the highest concentration of which are located in wider Limerick – Shannon metropolitan area.

By becoming a member of the Mid West's largest business group you will access member supports to raise your profile and grow your business.

The majority of our members are SME's and we have strong support from the largest employers in the region, including institutes of learning, multi-national IDA clients and scaling Mid-West businesses trading internationally.

As the independent voice for business in the region Limerick Chamber is a recognised stakeholder and on behalf of our members is engaged in a wide range of activities, forums and committees focused on economic development. My team and I engage with members on a regular basis to ascertain their views on a broad variety of matters, and the Chamber is governed by a Board of 16 local business leaders elected from within the membership to strategically direct the operations of the organisation.

Throughout the pandemic we have seen a strong desire for members to support each other and the Chamber facilitates that through our events, e-newsletter, business awards and membership magazine.

In joining I urge you to get involved, join our high value online events, avail of our funding for training and most importantly refer to our membership directory when next you are seeking a service provider, supplier or trusted partner.

Together we can build a better Limerick and Midwest.
